THE WORLD AT HIS FEET.

Axtell Beats All Records for Three-Year-Olds at Terre Haute Yesterday.

Then a Syndicate Pays More for Him Than Any Horse Was Ever Sold For.

The Great Trotting Race at Fleetwood Park Captured Easily by Belle Hamlin.

TERRE HAUTE, Ind., Oct. 11.—A mile in two minutes and twelve seconds is a great feat for an aged horse at any gait. When it is done by a 3-year-old stallion at a trotting gait it means a record that will stand for many a day. It means the acme of physical endurance, courage and all that goes to make a king of horses. The fourth day of the fall meeting brought out a crowd as large and enthusiastic as ever. A perfect Indian summer sun shone upon to witness an event that anyone is fortunate to see in a lifetime. The great Axtell was sent to beat the 3-year-old record (2:13 3/4) held by the California filly Sunol. When brought out for a warming up heat, he moved with such freedom and determination that few thought the record would stand, but that he would knock one and three-quarter sections from it the wildest enthusiast did not dream. Geo. Starr was behind Father John as the helper, while Williams speeded the favorite.

At the second attempt the great flight was begun. With that smooth action for which Axtell is noted, the first quarter was reached in 23, the clip is made faster to the half in 1:05 1/2, "too fast," says Col. Conley, and a sigh goes up from the crowd as it is felt that the drive is made too soon. Still the colt goes on his course, faster and faster. Thirty-two and a quarter is the gait to the three-quarters post. With never a falter he breaks the hill and turns into the stretch and a shout goes up, "He will do it." On he goes and without a wobble or a false stroke he finished the mile strong in 2:12. Thus at one stroke he reduced the three-year-old record one and three-quarter seconds, also the record for stallions at all ages.

Pandemonium broke loose and the stretch was black with a shouting, yelling mob. Williams was taken from the sulky and borne aloft on men's shoulders, and cheer after cheer went up for the gallant colt and driver.

The official timers were J. H. Steiner, secretary of the American trotting association; A. F. Rush, of Detroit, and Col. Conley, of Chicago. Their watches agreed exactly on all fractions of the mile. The watches of Judges Beauchamp and Moran told the same tale. The track is seven feet over a mile by official surveys.

Col. Conley, of Chicago, late to-night completed the purchase of the great trotter, Axtell, for \$105,000. It is supposed he represents a syndicate. Andy Walsh, of Hartford, and John Madden, of Lexington, offered Williams \$101,000 for the colt and had a certified check for a forfeit to offer him. This he refused and afterward accepted Conley's offer with much reluctance. It is understood the great colt will go into Budd Doble's stable in the morning. The purchase money is supposed to have been made up by British & Morgan, of Detroit, Col. Conley, or Budd Doble, and W. P. Ingraham, president of the Terre Haute association.

Belle Hamlin the Victor.

NEW YORK, Oct. 11.—The great trotting match to-day at Fleetwood Park between Harry Wilkes and Belle Hamlin brought the largest crowd seen on the track in years. The track was fast, and in the first heat Harry Wilkes soon took the lead, but at the quarter was only a neck ahead. Going into the back stretch the mare shot out like an arrow, and at the half was two lengths ahead. Round the stretch they were nearly nose and nose. The whip was used on Harry Wilkes frequently, but to no purpose. The mare won easily. Time, 2:16 1/2.

Second Heat—At the eight the mare was three-quarters of a length in the lead, after an easy start, and going easily at the quarter. There was no change, but between the three and half Harry Wilkes lessened the space between himself and the mare. Coming up the hill it was neck and neck, but in the stretch Andrew let the mare out and she won the heat and race in a jog. Harry Wilkes was under the whip in the finish, but he was no match to-day for Belle. Time, 2:19 1/4.

The official returns on these are: For constitution, 3,141; against, 191; for representative, Carter, 2,830; Maginnis, 2,836; Toole, majority, 84. For governor, Toole, 2,852; Power, 2,541; Toole's majority, 311, an increase of 30 over the unofficial returns. For lieutenant governor: Conrad, 2,529; Rickards, 2,745; Rickards' majority 176. No attempts at contesting the vote of any precinct was made.

The Deer Lodge Canvass.

DEER LODGE, Oct. 11.—[Special.]—The canvassing board completed to-day the making up of tally sheets for the state and legislative tickets. No footings have yet been made on the state ticket, except for governor, which gives Toole 546 majority in the county. The footings were made on the legislative ticket this evening, and this elects John W. Blair, republican, from this county, as one of the representatives. It is thought these figures are correct, but they will be gone over again to-morrow. Frank Kennedy, democratic candidate for joint representative for Beaverhead and Deer Lodge counties, gets a majority of 302 in this county over Willard Bennett, republican. Bennett claims to have a majority of 212 in Beaverhead county, and if this is correct Bennett is elected.

Word has been received here that the democrats elect two members of the legislature in Missoula county.

The Silver Bow Canvass.

BUTTE, Mt., Oct. 11.—[Special.]—The board of canvassers met to-day and commenced counting the votes cast at the recent election. The count is progressing slowly, only twelve precincts being completed to-night. The republicans contest the Fifth precinct on the ground that the judges of election were not duly appointed.

TO COLONIZE MEXICO.

Twenty Thousand Southern Blacks to Cross the Line.

St. Louis, Mo., Oct. 11.—Advice from Mexico say the bill to grant a commission to Henry C. Ferguson and William H. Ellis, the two colored men from Texas, who propose to colonize lands in the states of Oaxaca, Guerrero, Vera Cruz, Michoacan and San Luis Potosi with negroes from Texas and other American states, has passed the lower house of congress with but one dissenting vote, and has gone to the senate. It is believed the bill will pass and be signed by President Diaz. Ferguson and Ellis expect 20,000 negroes from Texas alone will move to Mexico and raise cotton on these lands, and that many thousands of industrious blacks, skilled in the cultivation of cotton, will follow them from the states east of the Mississippi river.

Mr. Cleveland Declines.

New York, Oct. 11.—An evening paper says Tammany has offered to make ex-President Cleveland a candidate for congress in the Ninth district, to succeed the late S. S. Cox, but Cleveland declined. The same paper says Amos J. Cummings is now slated for the position.

FOOLED THE WRONG GIRL.

A Noted American Criminal Finds His Equal in a Deceived Australian.

Marrying a Colonial Beauty While Another Wife Was Living in Chicago.

Traded for Ten Thousand Miles and Then a Stormy Meeting in a Police Station.

CHICAGO, Oct. 11.—A good looking young woman arrived in Chicago last night from Australia, after taking a 10,000 mile journey in pursuit of a married man who had married her under pretense that he was single. The fellow is now in jail. He proves to be the noted criminal Julius Mailhouse, alias Julius House. The Australian girl is Miss Elizabeth Hackett, daughter of a well-to-do carriage manufacturer in Melbourne. Not long after serving a term in Joliet prison, Mailhouse went to Australia as a drummer for a Chicago meat firm, leaving a handsome wife in this city. His meeting with Miss Hackett, a short but ardent courtship, marriage, a week's honeymoon, then a sudden business call to Sydney, preceded by the drummer borrowing \$750 from his new father-in-law, tells the Australian end of the story. Mailhouse was next heard of in San Francisco in a letter telling Miss Hackett to expect him by the next steamer. She did not wait, but took the first vessel for the United States, investigating en route his record, of which she had somehow got an inkling. Mailhouse was at home with his first wife last night when arrested. He had no notice of what was coming until confronted at police headquarters by the woman he supposed to be the Antipodes. The convict's nerve didn't desert him. He laughingly attempted to embrace his pursuer. She repelled him with an uplifted chair, and declared that she would remain in Chicago and support herself till he was landed again in the penitentiary at Joliet.

CHURCH CONVENTIONS.

Revision Among The Episcopalians—The Color Line and the Congregationalists.

NEW YORK, Oct. 11.—In the Episcopal general convention to-day, Rev. Dr. Benedict, chairman of the committee on constitutional amendment, submitted a report that the committee deemed it inexpedient to make any change in the representation to the general convention, or make any change in the method of voting. The committee also asked to be discharged from further consideration of the subject. The report was signed by nine members of the committee, two were absent and two dissented. The house assented to the discharge of the committee, but when their report was submitted, objection to its present consideration was made, and under the rule it was placed on the calendar. The subject of the report in proportionate representation and to which it is opposed, is one of the most important to be acted on by the present convention. A message from the house of bishops was received announcing consent to the consecration of Rev. Drs. Morris and Spaulding, as bishops of Oregon and Colorado, respectively.

The house then went into committee of the whole on the report in favor of several changes in the present hymnal. Rev. Dr. Nelson, secretary of the committee, presented the report and spoke in favor of its adoption. Mr. Bill Barzwin moved that the matter be referred to the committee of the whole, and to avoid general discussion, that might occupy their time until the end of the session. The motion was carried and the committee of the whole was organized. It was decided the hymnals should be called by their numbers, and that each hymn to which no objection is made shall be considered approved.

After some consideration the announcement was made that the committee was incompetent to revise the hymnal and the matter was referred to the house of bishops. A motion by Dr. Edgar that the matter of revision be referred to a committee to report to the next general convention, and that hymns in the hymnal be authorized for use until the next convention, was adopted, as was also a motion permitting the tentative use of the prayer book until the next general convention. The house of bishops sent a message informing the house of deputies they declined to adopt the alterations suggested in the To Deum; they would, however, amend the title to section 2 of the constitution, agreeing to the election of a bishop three months after the general convention. They also said they had not fully considered the matter of consecrating the new bishops in the dioceses of Missouri and California.

The Lutherans.

PITTSBURG, Oct. 11.—In the Lutheran general council this morning the special order was the discussion of the report of the committee on pulpits and fellowship. The question was as to the propriety of a Lutheran minister accepting an invitation to preach in the pulpits of other denominations. The following seemed to be the sentiment: "A Lutheran minister could hardly with consistency occupy another pulpit when his views differed from those of the inviting pastor." The afternoon session was devoted to the reading of reports of various house missions.

Drawing the Color Line.

WORCESTER, Mass., Oct. 11.—At to-day's session of the Congregational council the special committee on the Georgia question submitted a report recommending the enrollment of Rev. S. C. McDaniel and S. E. Bassett, representing the Atlanta and Flint River district conferences, and that Rev. A. F. Sherill, of Atlanta, be given a seat as an honorary member. The discussion on the admission of the Georgia delegation was then resumed. Mr. Maxwell, a colored delegate from Georgia, made a long speech against the admission of the Georgia white delegation, and said the white Congregationalists there would not fraternize with the colored. He admitted it would drive the colored men into the Catholic or some other church. Dr. Quint, of Boston, op-

posed admitting all the Georgia white delegates except one state delegate. The discussion called out many prominent members.

The committee's resolutions were finally adopted. At the afternoon meeting it was decided to hold the next meeting in Minneapolis.

NINE MORE SUSPECTS.

The Police of Chicago Spring Another Sensation in the Cronin Case.

CHICAGO, Oct. 11.—Three new suspects were arrested by the police this afternoon for alleged conspiracy in the murder of Dr. Cronin. The greatest mystery prevails around the criminal court building where the men are confined. The first information of important proceedings were given by the states attorney in Judge McConnell's court room at 2 o'clock this afternoon, when Judge Longenecker asked that court to adjourn until to-morrow. He said he had important business regarding some new developments in the case, and would be busy. Judge McConnell granted the request. Chief of Police Hubbard, Captain Schultier, Judge Longenecker and Attorneys Mills and Ingraham at once went to the states attorney's office, where they held a long consultation behind closed doors. Three prisoners were shortly after taken to the states attorney's office, and the other men were brought in during the afternoon and evening. The utmost secrecy was preserved by everyone in authority. At 11:30 to-night the seven men were in the states attorney's office, presumably undergoing examination. At that hour Attorney Mills came out, and to the score of waiting reporters reiterated the statement made by the states attorney early in the evening, that absolutely no information would be given until to-morrow.

At midnight Chief Hubbard emerged from his private office and went out, but soon returned with a man bearing a good supply of eatables. This would indicate the secret session to be an all night one. Soon after a recently tried attorney came in with a young woman who was hurried into the presence of the officers. Some thought she was Mrs. Palm Whalens, a sister of ex-Detective Laughlin. A little later the detectives came in with a short, thick-set man, a recently tried Irish. This makes nine arrests to-day and to-night.

KNIGHTS BREAKING RANKS.

The Members of the Conclave Leaving Washington for Their Homes.

WASHINGTON, Oct. 11.—The Knights have broken ranks. Thousands of them went to Mount Vernon to-day, while other thousands were scattered through the city. At the session of the Grand Encampment to-day, Eminent Commander Oleott, of the District of Columbia, was suspended from all knightly intercourse for a year for having illegally knighted Wm. Oscar Roome, and the latter's election was declared illegal. The grand master announced the appointment of the following officers: Gen. Montlon, of Illinois, grand standard bearer; Col. Myron M. Parker, of the District of Columbia, grand sword bearer; Henry L. Altom, of Tennessee, grand warden; Francis E. White, of Nebraska, grand captain of the guard.

A banquet was given this evening by a local committee in honor of the members of the Grand Encampment. The banquet was the final fixed event of the convocation, and many Knights took their departure from the city this evening.

At the meeting of the grand encampment to-day the contest on ritual was a report. The report was adopted in part, and set aside to ceremonial being referred back to the committee with certain amendments with instructions to prepare a report to be submitted at the next triennial convocation. This leaves the present ceremonial in force three years longer. Robt. Ceitring, the eldest templar in the state of Indiana, delivered an appropriate address at the tomb of Washington to-day.

The Tour of the Delegation.

SPRINGFIELD, Mass., Oct. 11.—The Pan-American excursion arrived here early this morning. The delegates visited the armory of Smith & Wesson's works, and the Morgan envelope works where the government stamped envelopes are made, and other places of interest.

CHESTER, Mass., Oct. 11.—A committee of the Holyoke Manufacturers' association welcomed the excursionists to Holyoke, where they arrived at 2 o'clock. They were at once shown the magnificent dam across the Connecticut river and one of the most modern of paper mills in full operation. About 10 o'clock the train started for Albany, stopping long enough at Springfield to take on Mr. Bliss, who, with Henderson, represents the United States delegates.

ALBANY, Oct. 11, 11.—The train arrived here shortly after 8 o'clock. The party at once went to a hotel, where they surrendered themselves to the local committee. The capital building was then inspected, after which, under the leadership of Gov. Hill, the party went to the For Orange club, where hospitality was extended. The train leaves to-morrow for Niagara.

Says he Was Robbed.

KANSAS CITY, Oct. 11.—A special to the Journal from DOWNEY, KANSAS, says the auditing committee has discovered a shortage of \$8,000 or \$9,000 in the accounts of the county treasurer, J. A. Beaman, of Osborn county. Beaman is unable to account for the shortage and says he must have been robbed by his employees. Beaman is a prominent member of the G. A. R. and has always borne an irreproachable character.

HUSBAND OR A HOME?

Decision by Commissioner Groff of Interest to Montana Girls Who Take Up Land.

The Case of a Dakota Woman Who Won a Husband but Lost a Homestead.

A Wife Cannot Maintain a Separate Residence and Still Comply With the Land Law.

WASHINGTON, Oct. 11.—Land Commissioner Groff has rendered a decision in the case of May Barr, formerly Wasson, a resident of the Mitchell, Dak., land district. It appears from the testimony that in July, 1885, Mrs. Barr, then a resident of the state of Iowa, went to Dakota on a visit and while there took up eighty acres adjoining a tract then recently entered by Michael Barr. She purchased a house and had it moved on her claim, broke one acre and made other improvements. At that time, she says, in her testimony, she had no intention of marrying Mr. Barr, but later they married. Then they moved the house up close together on the line, and sodded then up all around on the outside, making one house. They were then married; that Barr put his bed, stove, table, etc., in his house, and she put her bed, stove, table, etc., in hers; that there is no means of communication between the two different parts of the houses except by going outside, each having an outside door; that she acted in good faith in making the entry, not knowing Barr at the time and having no understanding it was to be kept in the Barr family; that she complied with the homestead law fully. Mrs. Barr's claim is rejected on the ground that husband and wife cannot maintain separate residences at the same time and in the same house, so that each by virtue of such residence may perfect an entry under the homestead law. It is said there are a number of such cases in all important general land office similar in all important respects to that of Mrs. Barr.

IN THE REALM OF WILLIAM.

The Czar of Russia and the Germans Exchanging Compliments.

BERLIN, Oct. 11.—The czar arrived in Berlin this morning, accompanied by Emperor William. They were received by the emperors and embraced repeatedly. Afterward the czar turned to Bismarck and shook hands with him. He also held a brief conversation with the chancellor, and subsequently, entering a carriage, drove to the Russian embassy at a fast trot the entire distance.

Salutes were fired and the streets were plentifully crowded with flags and bunting, but the crowds did not cheer as the czar passed along. Emperor William took his departure from the Russian embassy after remaining there a few minutes. Bismarck remained and had a conversation with the czar lasting twenty minutes or longer.

Emperor William remained at the Russian embassy to attend a dinner given by the Russian ambassador, Count Schouvaloff welcomed the czar and called for three cheers for his majesty. There was a hearty response. The czar, speaking in French, toasted Emperor William. The two emperors conversed animatedly during the repast. In the afternoon the czar drove out in an open carriage surrounded by cavalry. He visited ex-Empress Augusta and the widow of Emperor William. On returning to the embassy the czar retired for a short time for rest and quiet.

At 4 o'clock Prince Bismarck arrived and remained in conference with the czar until 6 o'clock. The chancellor, upon leaving, was escorted to his carriage by Count Schouvaloff, the Russian ambassador. A dinner in honor of the czar was given this evening in the white hall of the Schloss. The czar sat between the emperor and empress, facing Prince Bismarck. The emperor, in toasting the czar, said: "I drink to the welfare of my honored friend and guest, the emperor of Russia, and to a continuance of the friendship which has existed between our houses for over a hundred years, and which I am resolved to cherish as a legacy from my ancestors."

The czar, replying in French, thanked the emperor for his kindly sentiment and drank to his welfare. Turning then to Prince Bismarck the czar raised his glass and drank to the chancellor who stood up, emptied his glass and bowed deeply. There was a similar exchange of courtesy between Emperor William and the Russian Ambassador. Ex-Empress Victoria will give a dinner in honor of the czar to-morrow.

To-night the czar attended a gala performance at the opera house. The czar sat between the emperor and empress. Grand Duke George and the members of the German royal family were present. At the conclusion of the performance the czar and his son returned to the Russian embassy.

SPARKS FROM THE WIRES.

Among the callers received by the president yesterday were Senator Mitchell, with Col. G. B. Montgomery, of Oregon, and Hon. H. M. Thatcher and family, of Idaho, and Representatives Taylor, Kinzy and Rodgers and friends.

The president has appointed John W. Blackburn, of Utah, to be associate justice of the supreme court of Utah.

The resignation of Capt. Eugene Griffin, of the engineer corps, has been accepted by the president, to take effect in October.

Crushed Between Cars.

MISSOULA, Oct. 11.—[Special.]—James Conroy, a switchman in the yards here, was crushed to death to-day. He was in the act of coupling two cars when they came together with such force as to drive one of the draw heads in, thus crushing him to death instantly.

John O'Neil, charged with the larceny of a Winchester rifle, watch and other articles, was arrested to-day. The property was secured.
